Supporting Coursework for ECON Majors *(Required)*

The Supporting Coursework Requirement enhance your Economics degree by providing a focused concentration of knowledge outside of the economics discipline. The concentration promotes multidisciplinary perspectives, and encourages students to build their skills. **This requirement should align with your future pursuits and interests.** Double Majors, Dual Degrees, and Minor Coursework may be used *(check with an Advisor to confirm if yours meets all of the requirements as some minors may not fulfill all of the requirements without additional courses due to duplicates within the Economics Major, such as ACE, INFO, and STAT)*.

Please see an Economics Advisor to discuss options which fit your academic and career plans.

**Supporting Coursework** is a requirement of all Economics Majors to graduate, and must be approved by an Economics Advisor during an Advising Appointment. *We recommend you discuss with an Advisor starting very early in your academic career, planning your schedule as these courses will span multiple semesters.*

Your approved plan (Major Plan of Study- MPS) is submitted by an Economics Advisor to the LAS College Office, and should be approved by your Junior year as you begin taking your courses *(required before graduation)*.

**Main Requirements:** *(must be approved by an ECON Advisor)*

- **ECON Major Requirements Not Approved**
